

## MAINTENANCE CALENDAR - LMX 64

Congratulations on the purchase of your LMX 64, this speed bike has been designed by us to give you incomparable performance on all terrains. Even if your vehicle has been designed to be both reliable and durable over time, it is very important to perform good maintenance and regular checks to make sure that everything is fine. The good performance of your LMX and the maintenance of the warranty depend on it.

Regarding the maintenance part, please refer to the user manual included in your receipt package. For repairs and regular checks, these services should be performed at the LMX workshop directly or by your local dealer who knows the mechanics of your vehicle.
